Are you interested?

The Hall County Regional Technology Fair is all about competing in computer-based projects. You probably already have some of these created!

When: Friday, January 31, 2014 throughout the school day

**Where:** North Hall Tech Center on Nopone Road

Categories: 16 categories. Individual or partner entries are allowed. Students may enter a maximum of 2 categories. The Technology Literacy Challenge category is excluded from this limitation. Some categories include: Game Design, Animated Graphic Design, Robotics, and Programming.

How to enter: Register with your school's designated teacher. ONLY 5 students per school per category may register.

There is a fee of $10 per event per student. Entry fee must also be turned into your school's designated teacher.

For information and a list of all categories, go to www.gatechfair.org

 Registration deadline: January 21, 2014 (Categories may close earlier if they become full)

Hosted by Earhart-Edison Exploration Academy at North Hall Middle School
